**INTRODUCTORY COMMENTS**

Sir:

Prior to examination upon the merits, the following preliminary amendment is submitted in connection with the above identified patent application. Any amendments to the specification and claims are with respect to the herewith submitted English translation of International Application No. PCT/EP2004/013090. It is respectfully requested that the present preliminary amendment to the specification and claims be entered and appropriately considered by the United States Patent Office.

**Amendments to the Specification** begin on page 2 of this paper.

**Amendments to the Claims** are reflected in the listing of claims which begins on page 3 of this paper.

**Remarks** begin on page 7 of this paper.

An **Appendix** including an abstract on a separate page is attached following page 7 of this paper.
